LONDON, *May* 1.

A LETTER from MADRID, dated March 31, after giving an Account of the late Riot there, (as mentioned in a former Paper) adds the following Particulars:

"As soon as the People were acquainted that his Majesty, and the Royal Family, quitted the Palace, on the 28th, about One o'Clock in the Morning, they were enraged to the greatest Degree, 10,000 surrounded the City of Madrid, and suffered neither Coach, Mule, or Man to go out; so here we remained all that Day, which was terrible, for the Mob broke open the Drinking Houses, and inflamed themselves with Spirituous Liquors. The Women in particular were very outrageous. The Walloon Guards had marched off for Aranjuez, the Spanish Guards kept close in their Quarters, and the Invalids in different Quarters of the Town, suffered the People to take their Arms from them. The Mob went all Night about Town in large Bodies, the Women carrying lighted Torches and Palm Branches, and we even expected to have our Houses burnt. The general Cry was, Viva Espagna.

"They would take Money from no one, nor hurt any Body but those who were killed when they fired against the Troops: The only Act of Cruelty done was to the Walloon Guards, whom they treated very severely, and am told they dragged their Bodies about the Streets, and burnt them before they were dead, owing to these Guards firing upon them and killing many. The Ringleaders who had been sent to Aranjuez to insist on the Court's coming back, in order to walk about the Town as usual on Holy Thursday, returned with an Account that his C. M. had been bled twice, was indisposed, and therefore could not come; but granted them a general Pardon, and to send away Squilace, and his Family for ever, and would appoint Mosquis Minister of the Finances, and that the only Means to induce the King to return to Madrid, would be their immediately dispersing and obeying his Orders. When this was known, every Thing was quiet.

"The People of their own Accord went and returned their Arms to the Soldiers they took them from, and shook Hands with them; and since that, People in Copas, that no Body knows, have gone to the different Publick Houses where they had done Mischief, and paid for the Damage: They refused Money from every Body that offered them, said they wanted nothing but the Blood of Squilace; about 50 People have been killed in all."

The great Offers lately made by the City of Toledo, and other Parts of that Kingdom, to his Catholic Majesty, are supposed to have been set on Foot by some Persons of Weight there, in Order to console their Monarch for the Chagrin he must have felt at the Insurrections which happened in March last at Madrid.

An ingenious Gentleman, lately arrived in London, from Georgia, has brought over from that Province a Sample of Salop and Sago, equal if not Superior, in Goodness and Quality to that imported from Turkey.——The Encouragement of the above Commodity will be a Saving to the Nation; and we are assured that the Use of Salop will be introduced into his Majesty's Royal Navy, being extremly Nutritious, and an excellent Antiscorbutic.

Several Merchants from the Isle of Man are lately come over, in order to Petition to Parliament for the Removal of many Inconveniencies they at present labour under.

It is likewise said, that his Grace the Duke of Athol intends building a handsome Seat there, to be called Athol-House, for his Residence a few Months in the Summer.

The Citizens of Dublin are going to erect, in the new Squares opposite the Castle Gate, a fine Pillar, with a Statue at the Top of their late Lord Lieutenant, the Earl of Northumberland. The Inscription on the Base of the Pillar is to signify, that his Lordship was the first and only Lieutenant, who refused the Increase of the scandalous List of Pensioners upon that Establishment.

That all Sugars and Molasses that may be exported from Europe (save to the Southward of Cape Finisterre) be confined to be first landed in Great-Britain, and there to be bonded for Exportation.

That no foreign European Manufactures whatsoever be imported into Dominica, except from Great-Britain and in British Ships, as the same may now be lawfully imported there.

That all Goods lawfully imported from Great-Britain, Ireland, or North-America, into Dominica, may from thence be exported in any Bottom whatsoever.

That no Vessel which has taken any Kind of West-India Productions on board at Dominica, be permitted to go to any other British Island.

That no Vessel from Europe be admitted into Dominica, except from Great-Britain or Ireland.

Extract of a Letter from Calcutta, dated October 1, 1765.

"Soon after the Meeting of the Select Committee, they thought it highly necessary to endeavour to restore a firm and lasting Tranquility, as soon as possible, to those distracted Countries, and thereby to revive the long drooping Spirit of Trade, and secure to the poor Native his Life and Property, by putting the Government under such Regulation as to prevent all future Wars, Rebellions and Oppressions, as far as human Prudence could prevent and bind them. The Committee accordingly deputed, and gave full Powers to Lord Clive and General Carnac, to go up the Country and establish a Peace with the King or Great Mogul, who was then with our Army in Suja Dowla's Dominions, near Benares. The Peace that was happily concluded between the King, Suja Dowla (his Grand Vizier) and the English East-India Company, among many other Circumstances, contains the following, viz. To restore to Suja Dowla all his Dominions, on the Terms of his paying the King a clear Royal Revenue of One Million Two Hundred and Fifty Thousand Pounds Sterling, annually, and to allow the English East-India Company an uninterrupted Trade through them Duty free. As the Kingdom of Bengal, and its annexed Provinces, used to pay to the Throne, by way of Royal Revenues, about the same Sum with the above Stipulation made to the King, though the several Deductions for the Maintenance of Officers, &c. on that Account, reduced that Sum considerably: And as the Nabobs of Bengal have thrown off their Allegiance to the Throne, and payed no Royal Rents since the Invasion of the famous Nadir Shah, or Kouli Khan, into this Empire, in the Year 1738 and 1739 who took the Capitol of Delhi, and the Great Mogul Prisoner, since then neither Bengal, nor any of the more distant Provinces, have paid any Revenues to the Throne; the King, therefore, willing to recover the Right of these from Bengal, agreed with Lord Clive to invest the English East-India Company with full Power, Right, and Authority, to collect the antient Royal Rent of these Countries for themselves, on Condition of their duly paying to him therefrom, the clear Sum of Three Hundred and Twenty Thousand Pounds Sterling annually; the Overplus arising from those Countries to be the Company's Property, which will amount to about twice as much more, clear of all Charges.

"To which is to be added, that the King has made the Company his Royal Tenants, or perpetual Landholders, of the Three Provinces of Bengal, Bahar and Orixa, which was the Rank and Privilege invested heretofore in the Nabobs of Bengal, but not to exclude the Nabob entirely from the Possession of his Ancestors, the East-India Company have engaged to pay him annually 700,000 l. Sterling, out of these Revenues, for the Support of his Dignity, and some Troops; so that now, both the Power and Vitals of this Government being invested in the Hands of the Company only, neither the present, nor any future Nabob of these Provinces, can, if they would, interrupt, or be oppressive to the established Government, for the best of them, when they have it in their Power, are not to be trusted; and the Company must be at the Expence of keeping a good standing Army here, both to awe our Neighbours into Peace and Quietness, and repel any foreign Power, whether Europeans or Others, whose Jealousy or Avarice our great Acquisitions may excite to invade us.

"Besides these extraordinary Grants from the King, Lord Clive has also engaged him to make over to the Company, Lands on the Coast of Coromandal, about Massulapatnam and other Places, where the French had some Years ago very opulent Possessions, to be now under the Presidency of Madrass, of Value equal to what his Lordship has obtained for the Company in Bengal; the whole amounting to Three Millions of Pounds Sterling annually: Glorious Acquisitions surely! For, as to the Grants heretofore obtained by Mr. ——, which its Supporters in Europe made such prodigious boast of, they did not exceed 600,000 l. annually, more than what was yearly eat up by our very great Military Expence in the War: So that in Reality the Company were not a Shilling Gainers in the Year's End; not to consider that those Lands were the purchase of the Treaty made with Cossim Aly Cawn in 1760, to supplant him in the Nabobship, which subsequently brought the Company's Affairs, in these Parts, to the very Brink of Ruin, by the furious War that succeeded, and the bloody Massacre of too many of our brave Countrymen.

"Our present opulent Acquisitions will not only pay off all the necessary Charges of Government, both Civil and Military, as the Three Presidencies of Bengal, Madrass and Bombay, but also furnish Money sufficient to provide the annual Investments of the different Indian Goods, that may be wanted for all the Ships that the Company yearly sends to this Part of the World, as well as sufficient to supply the Exigencies of the Company to the China Markets, instead of their being necessitated to send out, as heretofore, large Sums of Money, or Bullion, Part for India, but the greater Part to purchase the Commodities of that ingenious and polite People; so that now the Article of the Exportation of so much ready Specie, which has been so grating to the Nation, will be hereby entirely removed; and in Lieu of it, nothing but the Manufactures of our own Country need be shipped off for the East-Indies, for which the Company will receive their usual full Cargoes of all the rich Indian and China Commodities in return."

BOSTON, *June* 23.

Last Sunday Afternoon Capt. Dunn came to Town from Cape Ann, where he arrived in a fishing Schooner from the Isle of Sables, and informs, that he was Passenger on board Capt. Gwin, in a large Ship between Three and Four Hundred Tons Burthen, richly Laden, bound from Bristol to this Place, but that on the 24th of May, at 9 o'Clock at Night, in thick Weather, they unfortunately ran ashore on the S. E. Part of that Island, about a Mile from the Bar, where they remained till the next Morning, when the Vessel went to Pieces, and 14 of the People perished; the others 12 in Number, with great Difficulty got safe ashore upon the Masts and other Pieces of the Wreck: Capt. Dunn remained on the Island 12 Days after this Disaster, during which Time but very little of her Cargo came ashore; he

thinks some of the Letters were taken up, which, with what other Things might be saved, Capt. Gwin intended to bring with him in Capt. Beal, who was there in a Schooner belonging to this Place. Among the unhappy Persons who were drowned by this melancholy Accident, was the Mate, Mr. Benjamin Blackman of this Town, Capt. Cohoun, a Passenger, a Boy of Capt. Dunn's, and a Nephew of Capt. Gwin's, also a Woman, Wife to one of the Seamen. The Ship was about 60 Yards from the Shore when she went to Pieces.

Several Merchants in this Town will be great Sufferers by the Loss of Capt. Gwin's Ship, as they had large Interests on board, without Insurance.

NEW-YORK, *June* 30.

To JOHN CRUGER, PHILIP LIVINGSTON, LEONARD LISPENARD, *and* WILLIAM BAYARD, *Representatives in the General Assembly of the Freemen and Freeholders of the City of* New-York.

WE, Freemen and Freeholders of the City of New-York, assembled at the Coffee-House, the 23d Day of June 1766, impressed with the deepest Sense of Gratitude to all the Friends of Liberty in America who exerted themselves in promoting the Repeal of the STAMP-ACT, think it our indispensable Duty to endeavour, by erecting a proper Monument, to perpetuate the Memory of so glorious an Event to the latest Posterity.

MANY were our Friends on this truly important Occasion, and we render them, from the Bottom of our Hearts, the Thanks justly due to their very eminent Services.——They are too numerous to admit of having that particular Respect paid to each, which they deserve, and we are so ready to bestow.——But, in Honour to them all, we propose to single out one of the many, who stood out in the Support of *American* Freedom; without whose timely Interposition, the utmost Efforts of all our other worthy Advocates, might probably have proved fruitless and ineffectual.

WE therefore earnestly entreat of, and strenuously recommend to you, Gentlemen of our Representatives, that you will move in the House of Assembly now sitting, for a Vote of the Honourable House, to make Provision for an elegant Statue of Brass, of the Right Honble WILLIAM PITT, Esq; whom we Regard in the Sacred Light of having a second Time been the Preserver of his Country.

SUCH a high Sense have we of the Integrity and Ability of that great Patriot, that we would not have applied to the Honourable House in this Manner, did we not think the Honour greater, if conferred by the Representatives of the People, than in any other Way.

FOR the same Reason, we also desire that you will transmit the Thanks of the House to all those illustrious Personages, both in and out of Parliament, who appeared in Favour of the Colonies.

Gentlemen,

A GREAT Number of your Constituents having thought proper to appoint us a Committee, to wait on you, with these their Instructions; they have no Doubt but that you will chearfully use your best Endeavours to effect that, which not only they, but, (as they conceive) the Inhabitants of the Colony in general, most ardently wish to see accomplished.

SIGNED *by Order, and at the Request of a considerable Number of respectable Inhabitants of the City of* New-York, *assembled as above.*

Isaac Low,
Henry White,
John H. Cruger.
James De Lancey,
William Walton, junr.
John Thurman, junr.

The General Assembly of this Province, now sitting, have come to the following Resolutions, viz. That Provision be made for furnishing the Barracks in the Cities of New-York and Albany, with Beds and Bedding, Fire-Wood, and Candles, and Utensils for dressing Victuals, for Two Battalions, not exceeding 500 Men each, and One Company of Artillery, for One Year. That an Equestrian Statue of his present Majesty, be erected in the City of New-York, to perpetuate to the latest Posterity, the deep Sense this Colony has of the eminent and singular Blessings received from HIM during his most auspicious Reign. That for the many eminent and essential Services done the Northern Colonies by the Right Honourable WILLIAM PITT, Esq; but in particular in promoting the Repeal of the Stamp-Act, and to perpetuate to the latest Posterity the grateful Sense this Colony entertains on that Account; Provision might be made for erecting an elegant Statue of him in Brass. They have also ordered, That a Piece of Plate, value £. 100 Sterling, be presented John Sargent, Esq; of the City of London, with the Thanks of the House, for his having chearfully undertaken, at their Request, and to their great Satisfaction faithfully discharged, the Trust of special Agent, and liberally declined any Allowance for his Trouble.

Some Time since Three Vessels belonging to Bermuda, were taken by the Spaniards at Salteruda, in making Salt, and carried to Laguira, where the Masters were sent to the Common Goal. As soon as the above Account reached Bermuda, Mr. John Jennings of that Island, immediately set out for Antigua, and made his Complaint to the General and Admiral, when the latter directly dispatched the Ship Beaver, Capt. Duane, to Laguira, to the Spanish Governor, to know his Reasons for permitting his Catholic Majesty's Subjects to treat Englishmen as Pirates; but not meeting with him there, Capt. Duane, and Mr. Jennings, proceeded to the Caraccas, where, upon setting the Matter in a proper Light to the General, he treated them very genteely, and ordered the Vessels to be restored, and the Owners to be paid Damages; but as Capt. Duane and the Spaniards, could not agree upon the last Article, he brought off the Vessels, and left the Damages to be settled by the Courts of Great-Britain and Spain.
